Job Description

Company: KWS SAAT SE & Co. KGaA

Location: 10178 Berlin, Germany

Employment Type: Full-time, Permanent

Job Description: Join KWS Group as a Team Lead Production Controlling and take a pivotal role in shaping excellence within our production controlling team. You will manage and develop a team, ensure adherence to best practices, and drive continuous improvement in production controlling standards and processes.

Key Responsibilities:

- Lead and develop a team of production controlling professionals.
- Develop, harmonize, and implement KWS-wide guidelines and improve controlling standards and processes.
- Provide data and analysis on production processes and costs for global business units.
- Develop and implement production controlling tools in collaboration with various business units.
- Ensure key user support in relevant SAP modules (SAP CO-PA, ML, Cogs).
- Define system requirements, assess change requests, and provide system training for controllers.

Requirements:

- Academic degree in business administration or international business with a focus on controlling.
- Extensive experience in controlling within an international company.
- Proven expertise in production controlling and process development.
- Strong leadership skills and experience with relevant IT systems (MS Office, SAP).
- Excellent communication skills and the ability to engage with various stakeholders.
- Very good command of English (German skills are a plus).

Benefits:

- An interesting and varied role in an international environment with opportunities for innovation.
- Flexible working hours with hybrid work options.
- Family-run company culture with a focus on team spirit, independence, and vision.
- Excellent work equipment, including ergonomic workstations and multiple monitors.
- Capital-forming benefits, Christmas and vacation pay, childcare allowance, company bicycle.
- Free parking spaces at the Berlin location.
